July 5–10, 2022 • Orlando, Florida

210 Retinal Screenings

5 Sessions for Grandparents

703 First Timers

45 Youth Program Sessions

“ The Friends for Life Conference was life-changing. The amount of passion, care, and attention that went into planning such an event was insurmountable. Our son Myles (9), was diagnosed a little more than one and one-half years ago and there have many challenging moments. However, we left the conference stronger and more confident about how to fit diabetes into our lives and not the other way around.

–Tiffany Mosby, *First Timer and Mom of a T1D*
