1. \$49/month estimate is calculated based on average out-of-pocket cost paid over 48 months. Monthly payments include a \$6/month service fee. Final cost may be higher or lower than \$49/month depending on individual insurance.
2. Program is only for customers who purchased supplies directly from Medtronic. Pump supplies include infusion set, reservoir and glucose sensor. Documentation required, including proof of loss of job and health insurance after March 15, 2020. Program terms and conditions are subject to change at any time and without notice. Other restrictions may apply.
3. The maximum allowable timeframe for an individual customer deferral is 90 days. You may reapply at any time if you have been approved for 30 or 60 day deferral for a maximum of 90 days. Documentation is required for 60 or 90 day deferral. Documentation must include information about the job loss or furlough for you or a family member. If you do not have documentation, you will be offered the 30 day deferral.
